# ALL BIDDERS PLEASE READ

## Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in ( ) are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

## NOTICE TO NEW BIDDERS

### Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. Bids you send in are the maximum you are willing to pay for the coin. **WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

**ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

**HOLLINBECK COIN COMPANY**

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

**YOU WILL WANT A PRICE LIST OF THIS SALE  
TO KNOW WHAT COINS ARE BRINGING  
PRICE LIST OF SALE \$1.00**

# IS THIS YOUR FIRST AUCTION CATALOG?

**Proof coins, branch mints 1892-1934 unc., currency and commemoratives** seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand, at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value.** In the final analysis, you, the collector, are the one who sets the price.

**BIDS ARE RECORDED AS FOLLOWS:** Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE  
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

## BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

## YOU MUST BE SATISFIED

Our Sales Are Cataloged With You In Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then) we want to hear them. Having cataloged over one hundred sixty successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know it all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

## ABBREVIATIONS USED

Fr.—Fair	P—Philadelphia Mint
G or Gd.—Good	S—San Francisco Mint
V.G.—Very Good	D—Denver Mint
F.—Fine	CC—Carson City Mint
V.F.—Very Fine	C—Charlotte Mint (gold only)

The dash between classification is used for the word "to".

VG-F—Is Very Good to Fine. Used to describe the general condition of lots.

## SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

## CHOICE LARGE CENTS

---

This ever-popular series appears to be in increasing demand with new records being set. We have been privileged to offer some of the outstanding collections in the country during the past year, but the demand for choice and rare specimens appear to far exceed the small supply coming on to the market. Both the Guidebook and the Standard Catalogue have started adding new distinct "types." Dr. Sheldon's supplement to his monumental book on large cents should create additional enthusiasm as well as advance the valuations in keeping with the present strong market. In short, indications point to a substantial increase in valuations during the near future.

### LIBERTY HEAD HALVES 1892-1915

---

The price rises during the last year for the branch mints in uncirculated condition have been phenomenal with no signs of their stabilizing as yet. Demand so far exceeds supply of the scarce and rare ones that new records are being set nearly every time offered. We have been advertising to pay up to several times catalog to fill the want lists we have on hand but we have only a very few specimens sent in. Compare the prices in our catalog of the last two or three months with those of a year ago to see the spectacular rise in values.

## LIBERTY WALKING HALVES 1916-1947

---

The strong demand with resulting rise in values continues unabated for choice specimens, particularly for gems. Only a very few of the present small supply of "uncirculated" specimens are sharply struck gems. We have set up a value scale for "uncirculated" and another for "gems" based upon supply and demand. The price spread between circulated and uncirculated; uncirculated and gems keeps increasing.

### SMALL NOTES WITH SIGNATURES JULIAN-VINSON

---

Fred M. Vinson was Secretary of the Treasury for 11 months before he was  
elevated to the Supreme Court bench as Chief Justice. This small collection well  
illustrates the difficulty of completing this series. We predict sharp rises in  
prices when collectors wake up to how scarce and rare some of these notes are.

## **NEW 1954-55 GUIDE BOOK OF UNITED STATES COINS**

**A MUST for every collector of United States coins. Hundreds of price changes upwards — some over 300 per cent. Coins seem to now be advancing more rapidly than at any time previously with monthly rises in commemorative gold and silver, Liberty Head dimes, quarters and halves; Liberty Walking halves, and rarities in uncirculated condition. Dealers, who study the market, are in many instances paying more for coins than collectors who buy "now and then." We believe every collector should carefully study the valuations in the new Guidebook as well as dealers' buying ads before bidding. It is now truly a case of "he who hesitates will pay more later." Don't take our word for it—study the price lists of realized prices of auctions during the last three or four months. We can only reveal market trends—whether you use the information is up to you. CHECK THE BACK OF THE BID SHEET FOR THE 1954-55 GUIDE BOOK. A BARGAIN AT ONLY \$1.75.**
